

**Classified Staff Issues Committee (CSIC) Minutes
October 24, 2006**

Present: Diana Allaby, Sue Barthel, Maggie Brandenburg, Rhonda Danielson, Bruce Goldade, Angela Powell, Gary Sandefur

- 1. Hub Concept** The committee viewed the powerpoint presentation on the Hub Concept then had a short discussion. It was suggested that we recommend to the campus Hub Committee that a panel discussion be organized made up of a group of the workers that went through the Hub transition in another institution. They could discuss how the transition went for them and whether or not they think it was successful. Contact will be made with George Watson to see if this could be a campus effort.
- 2. CSIC Survey** The committee started going through the draft survey and making suggested changes. Will continue with this process at the November meeting.
